

SUSTAINABLE
GROWTH

GRUPE
ROUSSELET

Whether employees, franchisees, affiliates or lessee-drivers, our Group is an ecosystem of entrepreneurs, all with their finger on the pulse of society's changing needs, who are committed to serving all their customers and promoting humanistic values.

At the heart of major city centres and throughout France, we are working daily to support our private and professional customers.

With ADA, G7, G7 Taxi Services, Taxirama and Gamma Solutions, we simplify day-to-day mobility needs with our vehicle rental and taxi services (booking platform, equipment, driver training and services).

With HOMEBOX and Novarchive, we provide self-storage and document archiving solutions for individual consumers and businesses.

With Foncière Sevenity, Pragmatik and Sérénis, we develop innovative expertise to support our transport and storage operations.

As a network of 15,000 entrepreneurs, we are focused on achieving sustainable growth that benefits the whole of society, while protecting our planet and the lives of future generations.
